

Best Practice

1. School teaching by the students of our institution:

One of the best practice followed by our institution in the session 2022-23, students of M.Sc. went to different schools of Baloda Bazar dist. to teach elements of Basic Science.

List of Schools

1. Government Higher Secondary School Lawan Baloda Bazar
2. Government Higher Secondary School Giraudpuri Baloda Bazar
3. Pt. Chakra Pani Shukal Government Higher Secondary School Baloda Bazar
4. Srasawati Shishu Mandir School Lahod Baloda Bazar

2. Garden Developed by students of our institution.

Another best practice practiced by our institution is the garden developed by the master students of Botany. In their garden different types of flowering and non-flowering plants are planted. Along with these plants medicinal plants are collected and planted. By the master students the medicinal values of these plants are given to other students also.

List of some Plants.

| S.no | Common name | <u>Botanical name</u> | Family |
|------|----------------|----------------------------|----------------|
